Liverpool England

**Building on past success in Japan, Australia and Canada, the 6th International Roundtable Meeting will take place in Liverpool, England.**

Leading international automotive recyclers and industry officials will come together in one of the most historic cities in the United Kingdom.

Liverpool. With its world famous docks This is the home of the Beatles and more recently was voted the European city of culture.

*Liverpool's Albert docks and the Beatles story are just two of the many attractions that draw visitors to Europe's city of culture*

Apart from the opportunity to explore the city and its culture, you will not want to miss this three-day event including seminars and presentations, along with interactive social events, spousal program, and guided tours of local recycling facilities. The Roundtable has the added bonus of a day at Europe's premier auto recycling show, CARS.

Full details of the three day's events and the registration form are available from the IRT website.
